TECHNICAL DATA

Specification	
Diameter	5/8"
Flute Length	24.0
Length	29.0"
Overall Length	29.0
Quantity	1 Bit
Shank Diameter	0.5
Useable Length	24"

BENEFITS

- Extremely robust and aggressive solid tungsten carbide S-cutter
- Active centering tip for optimum guidance when drilling in concrete and reinforced concrete
- Wear mark indicated accurate hole diameter
- Short head gets dust out fast and reduces heat build-up
- Inclined side cutters for aggressive drilling
