

REDLITHIUM™ USB ROVER™ Pivoting Flood Light

3.7 (38) Write a review

Our REDLITHIUM™ USB ROVER™ Pivoting Flood Light offers best-in-class output in any direction and is powered by our REDLITHIUM™ USB. The compact LED floodlight offers 550 lumens of TRUEVIEW™ High Definition Output. The light head has 210° of rotation, allowing you to direct high output light to any work surface. A wide, magnetic base allows you to position the pivoting floodlight on common work surfaces or mount it to metal for hands-free task lighting. Its collapsible design fits into pockets and a built-in carabiner gives you the ability to clip it to tool organizers or straps for easy transport. The three different output modes allow you to optimize your light output and runtime for up to 13 hours of runtime. The REDLITHIUM™ USB ROVER™ Pivoting Flood Light is powered by the REDLITHIUM™ USB 3.0AH Battery, providing all-day run-time, more recharges, and 3x faster charge time. The Milwaukee REDLITHIUM™ USB Battery can be recharged in the flashlight via Micro USB or swapped out with additional REDLITHIUM™ USB Batteries for virtually no downtime. The MILWAUKEE® REDLITHIUM™ USB ROVER™ Pivoting Flood Light is great for any trade professional and covered by a limited lifetime warranty.
