

This tool cuts copper and aluminum solid or stranded wire. Rotate the cam wheel adjustment to strip appropriate 10-24 AWG wire. Holes in the side of the jaws are intended for looping solid wire. Compact tool adjusts quickly to any of eight wire sizes.

- Hardened spring steel provides strength and durability.
- Looping hole bends and loops wire for termination on screws.
- Vinyl grips for added comfort.
- GS-40 includes a spring return for easy handling.
