The Eaton difference

- Extra durability heavy duty grade models available for high abuse areas
- · Screw-catch feature on traditional duplex devices automatically holds the wallplate mounting screw in place
- Built-in wire looper to speed termination of both #14 and #12 AWG wire
- Slotted, Phillips and Robertson Tri-combo screw heads offer greater installation flexibility
- Tamper resistant versions provide compliance with 2014 NEC[®] section 406.12 and provide significantly improved protection over traditional receptacles with removable plastic safety caps
