

Spyder 600887 13 pc. Bi-Metal Hole Saw Kit

Features

Cut up to five times faster with the patented Rapid Core Eject hole saw system from Spyder! Designed to drop out the core at the push of a button, cut at an angle, and enlarge holes, this arbor system will make cutting holes effortless. All Rapid Core Eject arbors are universal, so you can use them with other hole saw brands that are already in your tool box.

- Cuts 5x faster than standard hole saws
- Make larger holes at an angle
- Blade sizes: 3/4-inch, 7/8-inch, 1-1/8-inch, 1-3/8-inch, 1-1/2-inch, 2-inch, 2-1/8-inch, 2-1/4-inch, and 2-1/2-inch
- Smooth cuts even at slow speed
