

## Dimmer model numbers

### Incandescent/halogen dimmers

#### Rotary, rotate on/off (small and large controls)

Single-pole (small) 120V 600W	C-600- <b>AA</b> <sup>2</sup>
Single-pole (small) 120V 1000W	C-1000- <b>AA</b> <sup>2</sup>
Single-pole (large) 120V 1500W	C-1500- <b>AA</b> <sup>2</sup>
Single-pole (large) 120V 2000W	C-2000- <b>AA</b> <sup>2</sup>

#### Rotary, push on/off (small controls)

Single-pole (small) 120V 600W	C-600P- <b>AA</b> <sup>2</sup>
Single-pole (small) 120V 1000W	C-10P- <b>AA</b> <sup>2</sup>
3-way (small) 120V 600W	C-603P- <b>AA</b> <sup>2</sup>
3-way (small) 120V 1000W	C-103P- <b>AA</b> <sup>2</sup>

Multi-gang wallplates are not available.

When ganging controls, mount single-gang wallplates side-by-side. Not gangable with other dimmer families.

Wider-than-standard electrical backboxes may be required.

For 3-way and 4-way switching, use a 3-way dimmer with mechanical switches.

**AA**<sup>2</sup>: Architectural matte White (WH) and Beige (BE), see pg. 43  
(1-gang wallplate included)
