

# TECHNICAL DATA

## Specification

Diameter	1"
Flute Length	5.0
Length	12.0"
Overall Length	12.0
Quantity	1
Shank Diameter	0.375
Useable Length	10"

## BENEFITS

Unique flute geometry with steep spiral removes debris fast

High-quality carbide for long drilling life

Tapered body design provides less weight for smoother drilling

Relief hole dissipates heat and allows for slug removal
