NEMA Full Voltage Power Devices NEMA Rated Full Voltage Starters - Manual

CR1062 Single-Phase and Polyphase 10 HP Maximum 600 Volts 25 to 60 Hertz

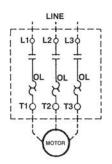

Application

Designed for controlling small ac motors. Standard CR1062R and S starter forms provide overload protection but cannot be used where undervoltage protection is required or for remote or automatic operation.

Features

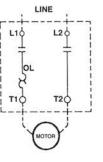

- -Front-connected; clamp-type terminals for easy wiring.
- -Trip-free overload mechanism; can't be held closed.
- -Knockout in enclosure cover permits installation
- of indicating light kit.
