

Features

The Makita 18V LXT Lithium-Ion Compact 3-Piece Combo Kit (CT320R) is built for the pro user who demands best-in-class Lithium-Ion cordless tools for drilling, driving, and fastening in a compact size. The kit includes a 1/2" driver-drill, impact driver, Xenon Flashlight, Rapid Optimum Charger, and two fast-charging 18V LXT Lithium-Ion Compact batteries for use with Makita's range of 18V cordless tools. It's part of Makita's expanding 18V Lithium-Ion series, the world's largest cordless tool line-up powered by an 18V Lithium-Ion slide-style battery. Makita 18V Lithium-Ion batteries have the fastest charge times in their categories, so they spend more time working and less time sitting on the charger. For improved tool performance and extended battery life, Makita created Star Protection Computer Controls. Star Protection is communication technology that allows the Star Protection-equipped tool and battery to exchange data in real time and monitor conditions during use to protect against overloading, over-discharging and overheating. For increased versatility, the tool can also be powered by Makita 18V LXT and Compact Lithium-Ion batteries with the star symbol on the battery indicating Star Protection inside. The CT320R includes a 1/2" driver-drill with 480 in.lbs. of torque that weighs only 3.3 lbs., and a versatile impact driver with 1,460 in.lbs. of torque that weighs only 2.8 lbs. (both weights with 2.0Ah battery), and a flashlight with Xenon bulb that delivers 4,500-lux brightness for portable illumination.

- 1/2" Driver-Drill with 2-speeds (0-600 & 0-1,900 RPM) delivers up to 480 in.lbs. of Max Torque
- 1/2" Driver-Drill features a compact design at only 7-1/4" long and weighs only 3.3 lbs. with battery for reduced operator fatigue
- Impact Driver with variable speed (0-2,900 RPM & 0-3,500 IPM) delivers up to 1,460 in.lbs. of Max Torque
- Impact Driver features a compact design at only 5-3/8" long and weighs only 2.8 lbs. with battery for reduced operator fatigue
- Ergonomically designed handles with rubberized soft grips provide increased comfort
- Built-in L.E.D. light illuminates the work area
- Flashlight with Xenon bulb for 4,500-lux brightness
- 4-position head pivots for versatility
- 18V Compact Lithium-Ion 2.0Ah battery BL1820B provides up to 50% more run time per charge compared to BL1815
- 18V Compact Lithium-Ion 2.0Ah battery BL1820B features an integrated L.E.D. battery charge level indicator
- 18V Compact Lithium-Ion 2.0Ah battery BL1820B reaches full charge in 25 minutes or less
- 18V Compact Lithium-Ion 2.0Ah battery BL1820B is compatible with 18V LXT Tools
- Equipped with Star Protection Computer Controls to protect against overloading, over-discharging and over-heating
- Rapid Optimum Charger communicates with the battery's built-in chip throughout the charging process to optimize battery life by actively controlling current, voltage and temperature
- Rapid Optimum Charger has a built-in fan to cool the battery which helps produce more lifetime work
- Makita technology delivers category-leading charge time, so the battery spends more time working and less time sitting on the charger
- Compatible with Makita 18V Lithium-Ion batteries with a Star symbol
- 3-year limited warranty on tool, battery and charger
- Only use genuine Makita batteries and chargers
