

Flexon Contractor Entrepreneur Rubber/Vinyl Water Hose 50'

The Flexon contractor-grade hoses are flexible, kink-free and effective even in the most rugged conditions including extreme cold temperatures. They feature heavy duty crush-proof couplings, reinforced jackets and the latest technical materials for maximum performance, reliability and consistent quality. This hose is 50ft in length with a inside diameter of 5/8" and has a 300 PSI burst strength rating. This hose is black in color and also comes with a heavy duty strain relief spring to prevent the hose from kinking. Whether the hose is needed for professional landscapers, commercial contractors or just a home gardener, this hose is suited for all types of work environments.
