

M12™ Soldering Iron Kit

2.4 (147) [Write a review](#)

The M12™ Soldering Iron delivers fast application speeds by reaching operational temperature in under 18 seconds and maintaining an optimized temperature throughout the most demanding applications. The heat indicator utilizes REDLINK™ INTELLIGENCE to notify users when the tool is ready-to-use and safe-to-store, eliminating the guesswork. The 3-stop pivoting head provides unmatched access by allowing users the ability to adapt the tool for the application and solder in more confined spaces. The M12™ Soldering Iron powered by REDLITHIUM™ battery technology delivers up to 40 minutes of run-time on a M12™ Compact Battery Pack.
