## Features

Stanley® drive tools are forged from high-quality steel and finished in high-polish chrome

Each ratchet handle is ergonomically designed and has an easy-to-use, thumb operated reverse-switch mechanism

Sockets and extensions remain locked onto the drive until disengaged with an easy-to-reach, low-profile quick-release button

Stanley® sockets feature our Max-Drive™ design, a unique radius corner design which provides 15% more torque to tighten fasteners easily and simplify the turning of rounded corners

Helps reduce fastener wear by minimizing contact on outer 5% of fastener; helping increase life expectancy

Helps reduce slipping on frozen or rusted fasteners

All Stanley® ratchets and sockets are manufactured globally, and are designed to meet or exceed ANSI specifications
