

Ames True-Temper 2594400 Razor-Back Digging Shovel - Fiberglass Handle

Features

The Ames True Temper Razor-Back Digging Shovel can be used for all construction, lawn and garden work. It's a high-quality tool that can perform many garden tasks, including digging, planting, cutting sod and small roots. The shovel has a 62 1/4in.L contractor-grade fiberglass handle for durability and a large power step for secure footing. Made with a heavy-gauge 9 1/2 in. x 17 in. tempered steel blade for strength with an extended-length socket for maximum prying leverage.
