

- Touch point ergonomics optimize hand and finger contact points in handles to maximize fit, control, and user ergonomics
- Serrated bottom blade grips material as it is being cut for increased cutting control and cleaner cuts
- Full metal core extends through the handle for maximum strength and increased durability
- Control channel accommodates index finger for increased control and cutting stability
- Heavy-duty blades feature titanium coated premium grade stainless steel and are precision engineered for knife-like cutting edges
- Spring-loaded design automatically opens when latch is disengaged for reduced hand fatigue
- Quick release ergonomic latch provides consistent easy operation and secures the tool in the closed and locked position for safe storage
