## ADDITIONAL DESCRIPTION

The Morse RENOVATOR reciprocating saw blade is the ultimate heavy duty, demolition/remodeling blade in the market. This blade cuts through wood and metals without leaving frayed or jagged cut edges, no need for additional finishing.

### FEATURES

- Available in .062" (1.60mm) thickness
- Available in 1" (25mm) blade width
- Tapered blade body
- Variable tooth pitch
- Reinforced tooth design
- Bi-metal construction

### BENEFITS

- Provides increased rigidity for more stable cutting in wider cuts
- 1" (25mm) wide blades offer more beam strength
- Best for plunge cutting
- Fast cutting
- Smooth cut finish
- High impact resistant tooth
- Long cutting life
- Heat and wear resistant
