

# TECHNICAL DATA

## Specification

|          |       |
|----------|-------|
| Diameter | 9/16" |
|----------|-------|

---

|              |     |
|--------------|-----|
| Flute Length | 8.0 |
|--------------|-----|

---

|        |       |
|--------|-------|
| Length | 13.0" |
|--------|-------|

---

|                |      |
|----------------|------|
| Overall Length | 13.0 |
|----------------|------|

---

|          |       |
|----------|-------|
| Quantity | 1 Bit |
|----------|-------|

---

|                |     |
|----------------|-----|
| Shank Diameter | 0.0 |
|----------------|-----|

---

|                |    |
|----------------|----|
| Useable Length | 8" |
|----------------|----|

---

## BENEFITS

Highest drilling speed with inclined side cutters provides fast concrete drilling

Compact head for fast dust removal and longer life

Active-centering tip provides quick, accurate starts

Wear mark indicator assures accuracy of hole diameter
