

**Empire Level E250 Description**

The EMPIRE® 12" TRUE BLUE® Combination Square (e250) has precision machined working surfaces and a head with rational dimensions for a quick check of common measurements. The square has the BLADE-LOCK™ self-aligning drawbolt allowing quick adjustments with a secure hold. The DUAL-PITCH™ TRUE BLUE® Vial allows easy checks for level, one-, and two-degree slope. The 12" etched stainless steel blade will not fade over time and has high-visibility markings. The combo square also has onboard storage for a hardened scriber.
