

- Touch point ergonomics optimize hand and finger contact points in handles to maximize fit, control, and user ergonomics
- Control channel accommodates index finger for increased control and cutting stability
- Titanium coated blades provide corrosion resistance and are 3X harder than steel for durability and tool life
- TPR comfort grip handles are strategically textured using soft-grip TPR to provide best-in-class user comfort and control
- Precision cut blades feature titanium coated premium grade steel and are precision engineered for knife-like cutting edges
- Offset handle design keeps hands above material for safety and easy table top cuts
