

- Ideal for most surfaces, including black iron, galvanized, PVC and copper pipe, as well as nuts, bolts, and couplings
- Extended lower jaw increases access and allows for quick pipe grip in confined spaces
- Unique angled tooth configuration grips tighter
- Locking jaw allows users to lock the jaw in the open position to quickly enter and exit pipe turning applications
- 20% wider jaw for improved gripping power
- Self-adjusting head design instantly grips or releases, providing fast ratcheting action
- Double the gripping power of traditional tongue-and-groove pliers
- Slim profile head design allows better access to tight areas
