

Gen-Eye USB[®]

Video Pipe Inspection System

The new Gen-Eye USB Series includes a USB port to record on a flash drive. The Gen-Eye USB packs the features of the Gen-Eye SD Series into a compact package, including up to 128 GB of USB recording capability, a 10.4" LCD color screen and a waterproof keyboard protected by a heavy-duty Pelican case.

Interested in adding Wi-Fi to your inspection system? You can with the Gen-Eye USB-W. It includes all the features of the Gen-Eye USB, plus a Wi-Fi transmitter inside so you can send video or photos to your smartphone or tablet.

Or upgrade to the Gen-Eye USB-P Premium inspection system that includes all of the features of the Gen-Eye USB, plus a sunlight readable screen, a rechargeable battery that lasts up to 4 hours, as well as the Wi-Fi transmitter.

All units include on-screen distance counter, voice-over recording, camera test port, and date and time stamp. The full size reels feature a self-leveling color camera and 200 ft., 300 ft. or 400 ft. Gel-Rod[®] for inspecting 3" to 10" drain lines. The compact Mini-Reels carry 100 ft. or 200 ft. of Gel-Rod with mini self-leveling camera for trouble shooting 2" and 3" lines. The tough steel frame can be operated vertically or horizontally, so you can handle nearly any application
