3-1/2"		49123
4"		49124
5"		49125

Pipe Clamps

Standard Pipe and Rigid Conduit Strut Pipe Clamps

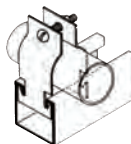

Pipe Clamps are used in conjunction with 1-5/8" wide strut channel to easily fasten pipe, tubing and EMT. Clamps come in zinc or Stainless Steel. Bolt and nut are included.

Pipe Size	Steel		Stainless Steel	
	Part No.		304	316

Cushioned Clamps

Cush-A-Clamp Channel Mounted Clamps for Outside Diameter Tube

Channel mounted clamping systems are ideal for multiple line runs.

- Cush-A-Clamps absorb vibrations and reduce unwanted noise
- Available in Pipe Sizes from 1/4" up to 6"
