## Features

Variable speed reversible switch reduces air bubbles when mixing mud and offers greater control when drilling

0-550 RPM provides increased torque for drilling and mud mixing

9.0 AMPS, 120V motor provides enough power for any job site application

7.5 lbs. (3.4 kg) increases user productivity and decreases user fatigue

Soft grip handle for increased comfort

2-position rear spade handle and 3-position side handle gives greater control for all drilling and mixing applications

## Applications

Great for various mixing applications, i.e. drywall mud and paints

Spade bit drilling applications in wood up to 1 1/2"

Self-feed bit drilling applications in wood up to 2 9/16"

Hole saw drilling applications in wood up to 5"

Auger bit drilling applications in wood up to 1 1/2"

Twist bit drilling applications in steel up to 1/2"

Hole saw drilling applications in steel up to 3"
