BUY NOW

EFFICIENCY : Ultra-thin kerf design for lighter cutting load and less wasted material

PERFORMANCE : Specially designed for cordless saws to permit more cuts per charge

PRECISION : Individually hand-hammered for flatness and expertly tensioned for true cuts

DESIGN : For use with Makita 5-7/8" Cordless Metal Cutting Saw

INCLUDES : 5-7/8" 32T Carbide-Tipped Saw Blade, Metal/General Purpose

ABOUT MODEL

The Makita 5-7/8" Carbide-Tipped Metal Cutting Saw Blade is the ideal accessory for the Makita 18V LXT® Lithium-Ion 5-7/8" Cordless Metal Cutting Saw (sold separately). The Makita Metal Cutting Saw Blade has an ultra-thin kerf design that provides smoother cuts with less drag on the motor and minimal material loss. It is ideal for cutting pipe, angle iron, channel, and more.

FEATURES

- Ultra-thin kerf design provides smoother cuts with less drag on the motor and minimal material loss
- Modified triple chip grind for increased efficiency and life
- Fully hardened steel saw plates are individually hand-hammered for flatness and expertly tensioned for true cuts
- For cutting pipe, angle iron, channel, and more

- For use with Makita 5-7/8" Cordless Metal Cutting Saw
