

The FLEXVOLT 60V MAX* VSR™ Stud and Joist Drill with E-Clutch® System features a 1/2 in. chuck and brushless motor that provides corded power in a cordless solution. Ideal for plumbers, electricians, and HVAC installers who need to drill large diameter holes in wood. This drill provides exceptional power, control, durability, and runtime with its 60V brushless motor, E-Clutch System, mechanical clutch, and two variable-speed ranges. Equipped with the innovative bind-up control feature called E-Clutch System this drill increases user control in bind-up/stall situations by sensing a stall during use and managing torque accordingly.
