PROFESSIONAL. NOTHING LESS.[™]

AUTO WHIP[™]

Traditional methods of measuring, notching and cutting armored cable are repetitive and labor intensive.

The C3 Auto Whip[™] Clad Cable Cutter is faster than manual operation and much safer and easier than using a bulky exposed saw.

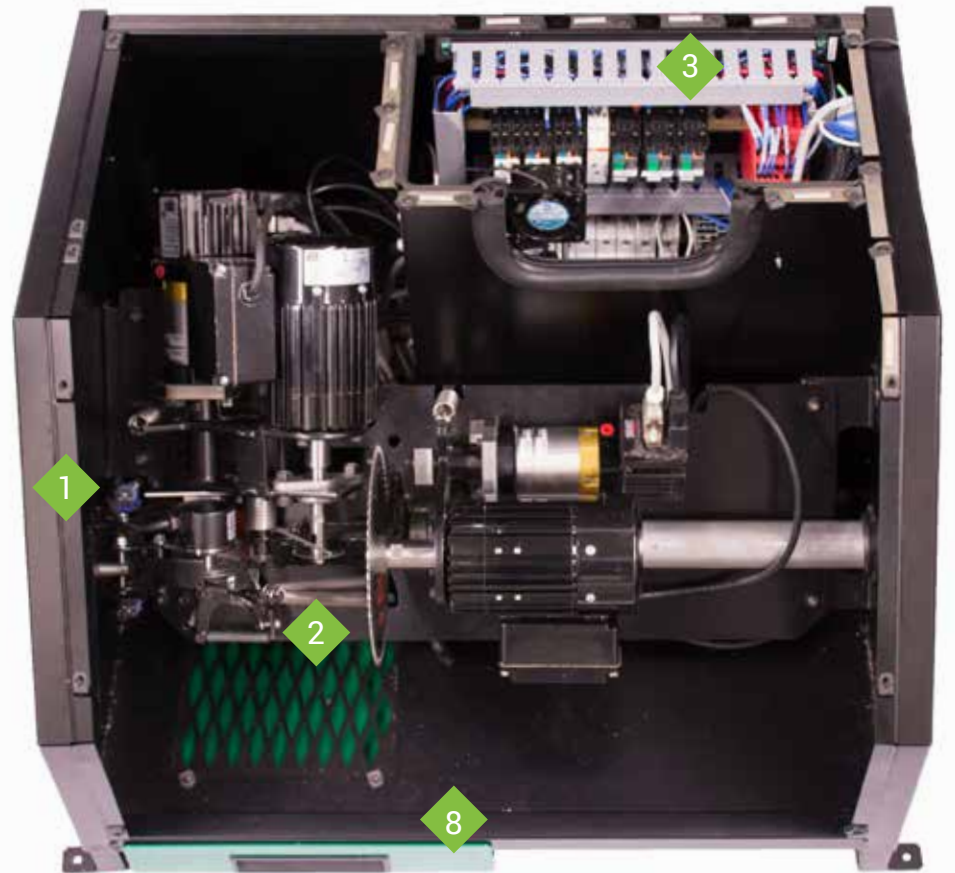

- Quick set up and lights-out operation
- Operator protection—fully enclosed housing
- Fits on a standard workbench
- Stores information on up to 48 different cables and 96 whip configurations
- Easily programmable touch-screen interface
- Effortlessly change between whip configurations
- Load custom whip configurations using a USB stick
