

Milwaukee HOLE DOZER General-Purpose Hole Saw Kit - 9 pc.

Model Number: 49-22-4006

The Milwaukee 9-Piece General-Purpose Hole Dozer Hole Saw Kit features Rip Guard teeth that were built with more steel behind the cutting edge for added strength. These teeth give you increased productivity on the job site as well as better hole quality, and are backed by a limited lifetime tooth break warranty. The Hole Dozer comes with a Plug Jack, an all-access slot design that allows for full access during plug removal. The Plug Jack enables access lower into the cup for thick material and higher toward the teeth for thin material. With multiple positions to apply leverage and better plug access, the Plug Jack eliminates wasted downtime between holes. Hole Dozer hole saws are coated with a low friction, thermoset paint that provides faster cutting speed in wood and more holes cut per battery charge.

Features:

- Rip Guard, the strongest tooth form in the industry
- 8 percent cobalt construction for increased wear resistance
- Plug Jack, an all access slot design for fast plug removal
- Features rip guard teeth, teeth with more steel behind the cutting edge for added durability
- Comes with a limited lifetime tooth break warranty
- Equipped with plug jack, an all-access slot design for fast plug removal
- Coated with a low friction, thermoset paint that provides faster cutting speed in wood and more holes cut per battery charge
- Features bi-metal construction with 8 percent cobalt for increased wear resistance

Specifications:

- Style hex
- Height 2.5
- Shank Hex
- Width 5
- Depth 7.5
- Type Power Tool
- Material multiple

Includes:

- (1) 3/4 in. Bi-Metal Hole Saw
- (1) 7/8 in. Hole Dozer Bi-Metal Hole Saw
- (1) 1 in. Hole Dozer Bi-Metal Hole Saw
- (1) 1 1/8 in. Hole Dozer Bi-Metal Hole Saw
- (1) 1 1/2 in. Hole Dozer Bi-Metal Hole Saw
- (1) Arbor
- (2) Pilot Bits
- (1) Spacer and Adapter
