

## 20V MAX XR Brushless 1 In. SDS Plus Rotary Hammer and Impact Driver Kit

DCK233P2 includes 2 tools in the XR Brushless line. The included DCF887D2 20-Volt MAX XR Brushless 1/4 in. 3-Speed Impact Driver is compact for fitting in tight spaces and increasing productivity. 3 LED lights make it ideal for working in the dark. The included DCH133M2 20-Volt MAX XR Brushless 1 in. D-Handle Rotary Hammer is a compact lightweight high-performance rotary hammer that has a durable German engineered mechanism that delivers 2.6 joules of impact energy.

## FEATURES

---

DCH133: Optimized 2.6J mechanism provides faster than corded speed of application

DCH133: DEWALT electronics allow the tool to maintain speed through the entire application without bogging down even with the largest bits

DCH133: Durable German engineered mechanism for long service life, even in the hardest concrete

DCH133: Compact size allows access to space restricted areas

DCH133: 4.0 Ah packs provide all day run time

DCF887: DEWALT built brushless motor and XR Li-ion batteries deliver more run time and capacity over standard units

DCF887: 3-speed settings for optimized application versatility

DCF887: Precision drive in speed 1 for precision applications and added control

DCF887: 3 LEDs with 20-second delay after trigger release, provide visibility without shadows

DCF887: One-handed loading 1/4 In. hex chuck with easy grip sleeve, accepts 1 In. bit tips

DCF887: Compact and lightweight design to fit into tight areas (6 mm shorter than the previous DCF886)
