

- Manufactured from high strength aluminum alloy
- Dual rated for aluminum and copper conductors - *including fine-stranded, flexible, and extra flexible copper conductors*
- Rated for 600 Volt, 90°C
- Cold temperature rating of -40°C
- Suitable for use in panel boards, cable trays, raceways, ducts and troughs
- Pre-filled with oxide inhibitor - prevents oxidation, moisture and contaminants from entering contact area
- Supplied with removable access plugs over screw and conductor ports providing protection against contaminants
- Pre-insulated at factory with high dielectric strength plastisol
 - Black insulation is UV resistant
 - Saves time, eliminates taping, reduces overall installation costs
 - Abrasion and chemical resistant
 - Will not support combustion
