

INCLUDES

- (1) 11335 Jack 35 Lb. Breaker Hammer
- (1) HS2861 Star Point Chisel
- (1) Articulating Auxiliary Handle
- (1) Grease Tube
- (1) Carrying Case with Wheels

BENEFITS

Power-to-weight ratio – 22 Ft.-Lbs. of impact force at 38 Lbs. of weight for great removal rate

Vibration Control technology – shock reduction in hammer mechanism and at handle

360° articulating auxiliary handle – versatile placement for greater operator control

In-line design – tool balance controls angled, horizontal and vertical applications

Versatile two-way bit retention – accepts Bosch 1-1/8-In. hex steel and standard 1-1/8-In. air steel

Carrying case with wheels – convenient storage and easy transportation

All-metal housing, metal tube and case — designed for great jobsite durability

Service Minderbrush system – shuts tool down when maintenance is required

Grease-packed gearbox and hammer mechanism – smooth and robust operation

2 Way Tool Retainer - accepts standard 1-1/8 In. (28 mm) hex, air tool steel with retaining collar or Bosch internal locking combo steel

All Metal Housing — jobsite durability
